

## STATEMENTS ON WPA STRIKE IN EAST CONFLICT

### Union Leaders Getting Support of Some Non- union Organizations

New York, Aug. 12.—(AP)—Union leaders in the building trades, who have called a strike of skilled workers on Federal financed projects as a protest against the government's so-called "security wage" of \$93.50 a month, received the support today of non-union workers organized in unemployed councils.

This added support came amidst conflicting estimates of the strength of the unionists' walkout.

The office of Hugh S. Johnson, works progress administrator, who ordered the strikers on WPA projects to return to work or else be dropped from relief rolls, said a canvass showed only 356 persons out over the city.

Langdon W. Post, tenement house commissioner, said that 365 of the some 400 skilled men employed on the lowest housing development on the east side—being built by the Astor interests and one of the key spots in the strike—were back at their jobs today.

Call Estimates Untrue

Union leaders said these estimates were untrue and declared the strike was spreading. The unionists formed "flying squadrons" to tour the city in an effort to pull relief-roll workers off jobs.

Thomas Murray, chairman of the executive committee of the Central Trades and Labor Council, who is directing the walkout of American Federation of Labor members employed on WPA projects, made the announcement of the support offered by the representatives of unemployed unions, or councils.

The principal at issue—payment of the \$93.50 wage as against the union hourly scale, which labor leaders demand—threatened to spread to other states.

State leaders in New Jersey and in Ohio have lent their aid in the fight against the "security wage," which the government contends will average up with the union scale over a monthly period.

Begin Cleveland Project

In Cleveland, Waldo Walker, district WPA director, said approximately 2,287 began work on 39 projects. He said he knew of no one on relief refusing to work.

Johnson was not expected back until late today from Washington where he conferred with Federal authorities, who have backed up his edict.

The Astor project normally employs some 400 workers in the skilled class. When the strike was called last week, more than 150 refused to work. When the whistle blew today, only a handful of workers refused to punch the time clock.

A. F. of L. Consideration

The principle involved in the dispute—the "security wage" as against paying the workers at the regular hourly scale in union contracts—occupied the council of the American Federation of Labor at its meeting in Atlantic City.

William Green, who heretofore has given an implied sanction to the New York City walkout, promised to discuss the stand of the A. F. of L. fully tonight.

An A. F. of L. affiliate—the Bookkeepers, Stenographers & Accountants Union—placed picket lines around the New York Port Authority building, where General Johnson has his offices. The union is lending its support to the relief workers strike.

## Refuses Share Half-Sisters Small Estate

Austin, Minn., Aug. 12.—(AP)—A mother's secret came to light today in the refusal of one of her daughters to accept a \$7,500 inheritance from a dead sister's estate.

Notifying Probate Judge Henry Weber she would seek to enjoin any court efforts to force the inheritance upon her, Mrs. Etta Catherine Dunning of Seattle, Wash., revealed she was only a half sister.

All her life Mrs. Jane Hans, who died here July 18, 1934, believed Mrs. Dunning her sister. Her probated estate left \$7,500 to Mrs. Dunning, who, in rejecting it, said she and her mother had shared the secret of her birth.

Settling the case, Judge Weber acceded to the claim of Mrs. Dunning and left her out of the settlement.

## Two Held for Shooting of Acting Police Head

Orange, Tex., Aug. 12.—(AP)—Wade Dawson, 21, and B. F. Thompson, 28, were held on murder charges today in connection with the fatal shooting of Johnnie Godwin, 31, acting police chief. Godwin died yesterday from a bullet wound received when he and a fellow officer attempted to question Thompson and Dawson. The latter admitted to Beaumont Police Captain H. A. Downey that he fired the fatal shot.

## Executed Self

Florence, Ariz., Aug. 12.—(AP)—Poison "gas" "eggs" from the Arizona state prison chamber killed Frank G. Hutchinson, but penitentiary officials today called it a suicide instead of an execution.

Hutchinson, serving a life term for slaying his wife 11 years ago, stole the "eggs" and walked two miles from the prison, where his body was found. Apparently he had dropped the poison into his tin cup, filled with water, and breathed the fumes.

## FARM AND HORSE SHOW WILL HAVE BIG ENTRY LIST

### Unusual Interest Is Being Shown in the Week-End Exhibit

The Lee County Farm & Horse Show Association predicts that the 1935 show will present the largest number of riding and trick horses ever assembled at one of the annual shows. The list of entries have been increasing daily and the officials of the organization announce that saddle horses from four different states will perform for the enjoyment of the onlookers.

A live stock fair is an added feature this season which will prove attractive to all those interested in high grade stock. This third annual show will be held next Saturday and Sunday afternoons, Aug. 17 and 18 at the Dixon high school athletic field and more than \$1,200.00 in premiums will be paid to owners of live stock and saddle horses entered.

Dr. W. H. Fitch of Walcott, Iowa, experienced judge of horse shows has been retained to pick the winners in the classes of competition which are being planned. K. P. Wehner, Rochelle high school teacher of agriculture, will select the winners in the live stock classes.

The association has announced that there will be 19 separate classes of competition for horses this year, which will include three and five gaited saddle classes, harness classes, hackney class, both single and double, several pony classes and high school horses and jumpers. Afternoon of real enjoyment with music will attract the largest crowds yet entertained at a Dixon horse show with this clean and thrilling sport.

## NEW POLO BANK WILL BE OPENED THURSDAY MORN

(Telegraph Special Service)

Polo, Aug. 12.—As a result of word being received from Washington late Saturday afternoon that a charter had been granted the new Polo National bank, arrangements have been made to open the institution at 9 o'clock Thursday morning, which will mark the first time this city has had banking facilities since February, 1933.

The directors of the new bank are: I. S. Stahler, A. J. Hersch, Ross Hostetter, Henry Graehling, George Trump, John Hackett and Price Heckman; the bank officers being: cashier, W. T. Graham, assistant cashier, Ross Hostetter and bookkeeper, Miss Hannah Hackett.

Half an hour before the bank doors are thrown open there will be an informal celebration in front of the institution, with music by the Polo high school band, and short talks by Cashier Graham and others.

## Entries in Illinois State Fair Increase

Springfield, Ill., Aug. 12.—(AP)—Eugene E. Irwin, general manager of the Illinois State Fair, today said entries in all competitive divisions exceeded those of 1934. Many exhibitors will appear for the first time at the 83rd annual exhibition opening here Saturday.

The National Swine Show, held in conjunction with the fair, has been entered by more than 150 hog breeders from fourteen states.

## Former Wife to Receive One-fifth of Estate of Late Prince Mdivani

Copenhagen, Aug. 12.—(AP)—County Court, Haugwitz-Reventlow said today that his wife, Countess Barbara Hutton Mdivani Haugwitz-Reventlow, will receive part of the estate left by her late former husband, Prince Alexis Mdivani.

The Prince's estate, estimated at \$400,000—about \$2,000,000—will be divided by the terms of his will into five parts. The Countess, heiress to the Woolworth millions, will get one of these parts, including the place at Venice, which she gave Prince Mdivani, who was killed three weeks ago in an auto accident in Spain.

"We are both surprised and glad,"

## PRESIDENT MAY BE FORCED TO DROP TAX BILL

### Deadlock Faces Plans as Result Action of the Senate Committee

Washington, Aug. 12.—(AP)—A rising tide of protests from Democratic leaders in both senate and house today greeted the rewritten tax bill with its increased levies on small incomes.

As the senate finance committee met to take a final vote on the re-drafted measure, Senator Robinson, the Democratic leader, asserted "the revisions materially complicate the situation" and "probably will cause a prolongation of the session."

"Personally," he added, "I do not feel that the lowering of exemption from income tax or the increase in the lower brackets is justified at this time."

House leaders also criticized the new bill as senate Republican independents, led by Borah of Idaho, joined the protests. Borah said "it lacked justice and wisdom and it hits the little tax payers at a time when they can not afford it."

Doughton's Comment

Chairman Doughton of the house ways and means committee which drafted the bill increasing income taxes only on incomes above \$50,000, compared with the finance committee's plan to tax all net incomes over \$800, said:

"There has been a good deal of talk to the effect that the house bill did not conform to the president's message. The senate bill does not even strike the trail."

Although Chairman Harrison of the finance committee said he would "vote for the La Follette amendment lowering exemption from \$2,500 to \$2,000 and from \$1,000 to \$800" for married and single persons, respectively, and increasing surtaxes in the lower as well as the higher brackets, Robinson indicated a strong fight against it.

One senate Democratic authority, who did not wish to be quoted, said the committee approval of the La Follette rates was a deliberate effort to produce a stalemate with the house so that no new taxes would be enacted this session.

He said there was a limit beyond which the government could not go for new revenues and a joint committee should be appointed to study the situation more thoroughly before enacting new taxes.

Representative Jenkins, (R-Ohio) a member of the ways and means committee, said: "I'm against any and all tax bills until we stop this spending."

Comment by other house ways and means committeemen included:

Thompson (D-Ill): "The senate bill is terrible. I couldn't possibly vote for it and I don't think the house would ever go for it."

May Force Scrapping

Some legislators predicted that if the senate should vote to bring the "little fellow's" pocketbook within the scope of the new bill, a senate-

## GUFFEY'S BILL GIVEN APPROVAL

### House Committee Votes to Report Controversial Bill Today

Washington, Aug. 12.—(AP)—The Guffey coal stabilization bill was approved by the house ways and means committee today by a 12 to 11 vote. Two members answered "present" when the vote was taken.

A new draft of the measure, embodying amendments already made public, will be reported formally to the house. Plans are to take it up on the floor by Wednesday.

The committee's approval broke a two month deadlock. President Roosevelt has asked congress to pass the legislation despite doubts "however reasonable"—as to its constitutionality.

The bill would set up a national commission to enforce wage, hour-fair-trade practice and price-fixing regulations for the soft coal industry.

Would Rebate Tax.

A tax would be levied against operators to insure compliance. Most of it would be returned to complying operators.

Roosevelt on several occasions has forestalled a threatened strike in the soft coal industry by promising to push the Guffey bill.

On the committee roll call, eleven Democrats and one Republican voted for the bill, six Republicans and five Democrats against it. It was reported Representatives McCormack (D-Mass.) and Disney (D-Okl.) merely answered "present" when their names were called.

As originally introduced, the bill proposed to authorize a \$300,000,000 appropriation to buy up some coal mines and keep them out of production. A ways and means subcommittee voted to eliminate that section and the full committee upheld its action.

Committee Cut Tax.

The original bill would have levied a tax of 25 per cent of the value of coal at the mouth of the mine, but stipulated that those producers who agreed to the prescribed standards should be allowed a 99 per cent rebate. The committee, however, reduced the tax to 15 per cent and the rebate to 90 per cent.

The committee also wrote in a section creating a consumers' council to act in an advisory capacity.

Doubt as to whether the bill would pass the house was expressed by some leaders recently after a poll of Democratic members. They said, however, a favorable committee report such as that voted today probably would swing enough votes to win passage.

## Former Aurora Boy Plunged to Death

Burlingame, Calif., Aug. 12.—(AP)—Harry Lewis Farrar, Jr., a 16-year-old Junior College student, was fatally injured last Friday when the automobile he was driving struck the rear end of a truck, careened across the highway and plunged down a 150 foot embankment near here. Farrar, who was 18 years old and the son of the president of the Coast Counties Gas & Electric Company, died of a fractured skull while en route to the South San Francisco general hospital.

The Farrar family formerly resided at Aurora, Ill.

JUDGE SHEAN BETTER

Advices from the bedside of Judge Frank J. Shean of Galena, who is a patient at Mercy hospital at Dubuque, Iowa, report his condition somewhat improved. Judge Shean was scheduled to preside at the September term of the Lee county circuit court, but reports indicate that he will be required to submit to a complete rest for a long period.

## Bewildered Cat

Niagara Falls, Ont., Aug. 12.—(AP)—Lew Stewart's cat has kittens—four of them joined together at the body. "Siamese quadruplets," Stewart says the cat is pretty much bewildered.

## ITALIAN-NEGRO RACE RIOTS IN JERSEY SUNDAY

### Five Injured, Eleven Arrested in Wild Jersey City Riot

Jersey City, N. J., Aug. 12.—(AP)—Eight negroes and three white men, arrested as the alleged ringleaders of a race riot yesterday, were arraigned today and held on various charges for grand jury action.

Three negroes were held without bail on charges of possessing dangerous weapons. Another negro and a white man were charged with atrocious assault and held in \$1,000 bail. The others were booked as material witnesses in \$500 bail.

Meanwhile feeling in the adjoining Italian and Negro districts still ran high following the riot in which five persons were injured and eleven arrested. Police reserves were held in readiness for any renewal of the fighting.

Verbal clashes over the Italian and Negro situation and Joe Louis, Negro heavyweight contender, who recently knocked out Primo Carnera, precipitated the rioting, police said.

Within a few minutes after fighting started yesterday in the streets near the "Village," Italian settlement, more than 100 persons were milling about, swinging clubs and fists and slashing with long blades knives.

Twenty police armed with riot guns and tear gas bombs charged the fighting throng, breaking up the battle.

## LEAPS INTO SEA 150 MILES FROM SHORE 'ON DARE'

Boston, Aug. 12.—(AP)—Walter Robillard, 32-year-old Bostonian, was under the care of doctors today after a lone swim in the open sea 150 miles from shore.

It was by mere chance that Robillard was found by the trawler Rippel yesterday a half hour after he jumped from the fishing boat Notre Dame, on which he was a passenger.

Swimming strongly in a choppy sea, Robillard, clad in a white heavy roll-neck sweater, khaki trousers and brown shoes, had to be dragged aboard a dory launched by the crew of the Rippel.

Coast Guard headquarters notified of the rescue by Captain Samuel Rosenow of the Rippel, sent a coast guard amphibian plane to bring Robillard ashore.

He was taken to Chelsea Marine hospital where Dr. John T. Hazel, assistant surgeon, said the only information Robillard would or could give was that he had jumped from the Notre Dame about a half hour before he was saved.

The reason for his leap, the doctor quoted him as saying, was that some prominent officials "dared me to."

GRAND AERIE F. O. E.

Dayton, O., Aug. 12.—(AP)—With the installation of the new officers of the Grand Aerie of Fraternal Order of Eagles, headed by George Nordin, St. Paul, Minn., as grand worthy president, the 37th annual convention of the order closed today.

Selection of the city for the next meeting of the Grand Aerie will be made by the trustees meeting this fall.

## 12 MEET TRAGIC FATES IN STATE

### Week End Automobile and Water Toll is Compiled by AP

Chicago, Aug. 12.—(AP)—Automobiles and the water took 12 lives in Illinois over the week-end, a two-car smash near St. Joseph in which four persons died being the most tragic.

The Chicago area, usually a heavy contributor to automobile fatalities, had but one death—Thomas John, 80, who died when his car was sideswiped by a bus near the Illinois-Indiana state line.

The St. Joseph crash claimed the lives of Mr. and Mrs. Fred Herold, Mrs. C. A. Stitt, and Ed Harding, all of Champaign. The victims were riding in Herold's car. C. A. Stitt, the fifth passenger, was seriously injured. The car struck another driven by James Marsh, Ogden, Ill., state highway police said. Marsh and his five passengers also were hurt.

At Decatur, Joe and Cecil Ford, 29 and 34, respectively, Whiting, Ind., died when their car struck a telephone pole after hitting a truck.

Swimming Fatalities

Two Chicagoans died while swimming. Bert Waldo, 30, breaking his neck in a dive into shallow water near Loganport, Ind., and Arthur Zielinski, 12, drowning in Wonder Lake, northwest of McHenry, Ill.

Gilbert Hoogerwerf, 20, a resident of Atkinson, Ill., was killed when his car struck a bridge abutment.

Jack Cashman, 23, and Dan Hart, 24, residents of New Canton, died today after an accident in which their automobile crashed into a truck parked on highway 36 west of Pittfield. The truck, state highway police said, had developed motor trouble. Herbert Hinton and Arlos Beers, both of Quincy, the drivers of the truck, were detained for the coroner's inquest.

## Believe Galli-Curci Will Be Able to Sing

Chicago, Aug. 12.—(AP)—The surgeon who removed a six ounce tumor from the throat of Mme. Amelia Galli-Curci, opera singer, found hope today that she would sing again in the prima donna's own optimism.

Dr. Arnold Kegel, who performed the operation Saturday, said Galli-Curci "talked happily after the operation."

"She said her throat felt as it did prior to the goiter growth," Dr. Kegel said, "and this gives us reason to be further optimistic that her voice will not suffer."

The surgeon said he relied much on the famous singer's will power to restore her voice. He said that in any event it would be six months before she could sing in public.

After about ten days in the hospital, she will leave for Los Angeles, where Dr. Kegel said climatic conditions were more favorable.

## Sacramento Officers Moved Quickly to Forestall Lynching of Murderer

Sacramento, Calif., Aug. 12.—(AP)—Fresh memories of lynch law visited by a revengeful citizenry a few days ago on the slayer of a policeman in Yreka, Calif., drove authorities today to hide out three men held here for killing a chief of police.

The victim, Erskine G. Fish, 47, North Sacramento, the third Chief of Police to lose his life at the hands of gunmen in northern California in less than a month, was shot down early Sunday in a hunt for prowlers.

Before Fish died, police arrested guard of deputies.

## Freaks of Nature

Philadelphia, Aug. 12.—(AP)—A flying fish with a four-inch beard and an eel so transparent that print can be read through its ribbon-body are among the specimens brought to the Academy of Natural Sciences from a West Indian expedition. A lantern fish dotted with phosphorescent beads which glow in the darkness of its home three miles deep is another newcomer to the museum.

## FALL IS FATAL TO PIONEER OF PALMYRA TOWN

### Miss Pauline Becker's Death Due to Meningitis Saturday

Miss Pauline Becker, pioneer resident of Palmyra township and a member of one of the earliest families to settle in that section, passed away Saturday evening at 6 o'clock at the Katherine Shaw Bethel hospital. Meningitis resulting from an accidental fall which she sustained on the evening of August 1, when she sustained a fracture of the right hip, resulted in her passing. Coroner Frank M. Banker conducted an inquest at the Jones funeral home this morning at 9:30, the jury returning a verdict in accordance with the facts.

Miss Becker was born in Palmyra township, November 11, 1853, the daughter of Charles and Mary Becker, who came from Cleveland, Ohio, in 1838, and established their home in Palmyra. Her parents, three brothers and six sisters, preceded her in death. She is survived by one sister, Mrs. Lizzie Meese of Lincoln, Neb., and several more distant relatives. About 30 years ago she went to Lincoln, Neb., to make her home with her only surviving sister, but returned to Palmyra township three years ago and has since resided with her niece, Mrs. Ella Older.

On the evening of Aug. 1, Miss Becker attempted to walk to the front porch of the Older home as has been her custom. Her niece assisted her because of her feeble condition, but on this occasion she was not helped and fell, sustaining a fracture of the right hip. She was removed to the Dixon public hospital on the same evening, where she failed steadily, meningitis developing and her death resulting Saturday evening.

Funeral services will be conducted from the Jones funeral home Tuesday afternoon at 2 o'clock. Rev. A. G. Suchting, pastor of the Immanuel Lutheran church officiating and with interment in Oakwood.

## Batavia CCC Youth Forest Fire Victim

Spokane, Wash., Aug. 12.—(AP)—Forest fires of the Pacific northwest claimed their first life of the 1935 season today as the front was extended 600 miles across three states.

Several thousand men stood guard along the fire line which extended from extreme southwestern Washington, on the coast, to Glacier National Park in northwestern Montana.

The fatality was Carl A. Carlson, 19, CCC enrollee of three weeks. He was injured fatally by a falling limb of a burning tree in the Clearwater county fire of central Idaho. He was from Batavia, Ill.

WHAT'S AN EAR OR TWO?

Tuscola, Ill., Aug. 12.—(AP)—Having an ear torn off when he was thrown by a bucking horse was just part of the day's work for Manville Morris, Texas cowboy. Morris today joined his troupe, en route to Huntington, Ind., after having the ear sewed back in place. He suffered the injury during Tuscola's first rodeo yesterday.

## Boy Killed by I. C. Train at Carbondale

Carbondale, Ill., Aug. 12.—(AP)—William Capos, 15, of West Frankfort, was killed near here today when hit by an Illinois Central train while he and another youth were returning home from Anna, Illinois.

The other boy, Jack Saunders, 16, of West Frankfort, said he went to sleep by the railroad tracks and last saw Capos sitting on a rail. Saunders was awakened by the train. He and Capos had been working in peach orchards near Anna.

LEE NOT INCLUDED

Chicago—Work relief projects totaling \$1,605,000 were to be started today in 11 Illinois counties. Two of the projects—a forest preserve and mosquito abatement job—were located in Cook county, the remainder, mostly street and road improvements, downstate. Franklin, Adams, Kane, LaSalle, McLean, Macon, St. Clair, Vermillion, Will and Williamson were the sites of the work.

## BLISTERING HOT WAVE IS BROKEN IN THE MIDWEST

### Oklahoma and Texas Report Highest Temperatures for Today

BY THE ASSOCIATED PRESS

Cool breezes and scattered light showers today brought welcome relief to the midwest which has suffered under the sun's blistering rays for several weeks.

Oklahoma and Texas were the hottest states with morning temperatures around 90. It was generally cooler in Texas, however, and cooler was forecast in Oklahoma tonight.

Northwest winds brought big drops in temperature to Kansas, Missouri, Nebraska, Iowa, South Dakota, Minnesota and Wisconsin. It was 80 at Chicago with cooler forecast.

## Two Months of Sun

This was the first cloudy day in Kansas since June 14 and temperatures were not expected to go above the upper 80s. Meteorologist S. D. Flora warned, however, that the drop was temporary.

Amarillo, Tex., reported skies were overcast today from a dust storm yesterday.

At Amarillo, and Garden City, Kas., dust clouds rolled in on a blistering south wind. The storm lasted an hour at Amarillo, longer at Garden City, center of last spring's series of terrific storms.

And while sufferers watched the mercury go up, persons on Pikes Peak in Colorado watched it go down. From four to five inches of snow fell on the summit and the temperature dropped to 34 degrees.

Season's Toll 200

Four additional deaths brought the season's heat toll near 200. Two died in California and two in Missouri. Four were prostrated in Los Angeles.

Alva, Okla., reported the day's highest temperature, 114 degrees, and it was 112 at Enid.

Sacramento, Calif., saw the mercury mount to a record breaking 100 degrees, and a number of other inland points recorded similar high marks.

Salt Lake City, Utah, which had an 86-degree maximum, and Miles City, Mont., where it was 76 earlier, shared honors with upper Great Lakes points as most comfortable over the nation.

## NEAR MILLION ITALIANS NOW BEARING ARMS

Rome, Aug. 12.—(AP)—Orders distributed today indicated the mobilization of an Italian force of 500,000 men for war maneuvers in northern Italy Aug. 24, bringing the total Italian army to a strength approaching 1,000,000 men.

Today's orders varied from the usual formula in that they failed to state the date upon which the mobilized men could return to their homes.

This fact led informed quarters to believe Premier Mussolini will be prepared, during the last week of this month, to strike at any developments in East Africa with the full weight of a mobilized army which will be close to the 1,000,000 man total he set as his objective for October.

The mobilization of Aug. 24 has been announced as designed for maneuvers in the Brenner Pass area.

Observers said there obviously was no thought of directing all the military efforts toward settlement of the Ethiopian dispute but that a mobilization of the sort outlined for the maneuvers in the north would give Italy a mobile power to send almost any number of additional reinforcements into East Africa to aid the 235,000 men already ordered there.

house deadlock may force the administration to scrap the tax bill for this session.

This feeling, together with an open split between two noted senatorial independents, forecast new and hotter fighting on the controversial issue.

Borah attacked the senate finance committee plan for lower exemptions and higher taxes on small incomes—a plan which La Follette succeeded in getting the committee to substitute for the house program Saturday.

Independents Critical  
"To increase taxes in this region and among these tax-payers is to accentuate their burden which already is heavy enough and necessarily to lower their standard of living," Borah said in a Sunday night statement. He said he would vote against such a move, and that other independents were "critical" of it.

(The La Follette plan lowers income tax exemptions for married persons from the present \$2,500 to \$2,000 and for single persons from \$1,000 to \$800, and increases the surtaxes all along the line. The house bill would leave present taxes on incomes below \$50,000 unchanged.)

### THE BEMOANERS

By Joseph Fort Newton

"T HE MORE I ponder over the capers my son is cutting, and the life and habits the thoughtless lad is plunging headlong into, in what amours he has engaged himself, the more worried and fretful I get."

Try to date those words, if you can. They sound familiar and modern. As a fact they are from an old Roman play by Plautus, written over 200 years before Christ—it is the same lament.

The writer goes on to say that he was once in his prime and did all these things; "but then I showed some restraint," he adds. If it is the general breakdown of religion and decency we bemoan, listen:

There never was a time when a whole people were so little governed by settled good principles; and if that sounds up to date, it actually belongs to the good old days before the American Revolution; and to old New England, too, where all life was straight and strict.

Plainly, if we are bemoaners now, thinking the world rotten before it gets ripe, we would have been bemoaners then or at any other time in the past because each age has had its chorus of despair.

Shaw, in one of his plays, makes a man say to a self-pitying woman who thinks the world is going to the dogs: "Your native language is the language of Shakespeare and Milton and the Bible; and don't sit there crooning like a bilious pigeon." It served her, and us, right.

In an English cathedral there is a tomb holding the body of a preacher of former times, and on it is the epitaph: "He was a pious preacher of the truth." Or perhaps he preached only a part of the truth.

Our age, like every age, has its errors, absurdities, and imperfections, "its looped and windowed raggedness." But if we fix attention on these, and forget the rest, we do not see the whole truth.

Nor can we do much to make the world better, if we work with a sense of futility and despair, because the odds are against us.

If the world were as bad as the bemoaners describe it, clearly it could not hold together—but it still goes spinning on its way.

## Lengel-Utz Wedding Saturday

On Saturday morning at 9:30 Miss Ruth Lengel, daughter of Mr. and Mrs. Albert Lengel, became the bride of Marion K. Utz, son of Mr. and Mrs. Daniel Utz of Dixon.

The ceremony took place at the Evangelical parsonage at Ashton, Rev. P. O. Bally reading the service.

The bride was charming in a gown of blue silk crepe, with white hat and white accessories. She wore a shoulder bouquet of sweet.

Mr. and Mrs. Lyle Farringer, attended the couple, the matron of honor being in tan and white. She also wore a corsage bouquet.

A wedding luncheon was later served to the immediate relatives at the home of the bride, in Dixon. Small tables were arranged about the rooms, pink and white phlox and ferns being used as the decorations.

After a short wedding trip Mr. and Mrs. Utz will be at home to their friends at 1820 First street. Both are splendid young people and their many friends unite in wishing them much happiness in their married life.

### MR. AND MRS. BARDWELL

"AT THE END OF THE TRAIL"

The Chicago Daily News of Saturday evening published a picture of Attorney William U. Bardwell, son of Mrs. H. U. Bardwell of Dixon, and his wife, with the comment: "After a long day in the saddle with the Trail Riders of the Canadian Rockies, Mr. and Mrs. William U. Bardwell of Barrington, Ill. contemplate the restful sunset at Baker lake above the camp where the riders spent their fourth night out."

## Twelfth Wedding Anniversary Surprise Happy Affair

Members of the Immanuel Lutheran congregation completely surprised Rev. and Mrs. A. G. Suechting Friday for their 12th wedding anniversary. It was in reality a triple celebration. Twelve years ago

Pastor Suechting was ordained to the office of the "Holy Ministry", married to Anna Katherine Altpeter and installed in the Dixon church. The former two acts were performed by his brother-in-law, the Rev. S. J. Altpeter of Peoria and the act of installation by Rev. H. Foelsch, former pastor of St. John's Lutheran church of Ashton. A large number of the members were present showing a strong spirit of loyalty and devotion to their beloved church and the pastor, his wife and family. An elaborate program was rendered by the enthusiastic members in spirited music and speeches. John E. Salzman, president of the church council, acted as toastmaster. His genial smile and jovial words broke the ice and the pastor and his family were soon enjoying the surprise party to its fullest extent. Mrs. J. E. Salzman and Miss Helen Krug presided at the piano. There were German songs by the older members and American songs by the younger generation, the future church. Miss Grace Jacobs read an interesting history of the church. Rev. F. W. Henke of Ashton gave an inspiring address, mentioning the many acts of improvements that the congregation has enjoyed under the leadership of the present pastor, Rev. Geo. Doerman of Sterling spoke on the appropriate words of Scripture: "Hitherto has the Lord Helped."

His help in the past is a guarantee of His help in the future. Rev. S. J. Altpeter gave a humorous address relating many incidents from the life of Pastor Suechting. A fitting close was made by August Burben, treasurer of the congregation, who handed the pastor a handsome purse as a token of love from the members of Immanuel Lutheran congregation. The ladies served those present in the generous German style. The celebration was closed with singing by the pastors present and finally all joined in "God Be With You Till We Meet Again." The pastor and his family will leave for a three week's vacation. Rev. A. G. Suechting will again fill the pulpit on Sunday before Labor Day.

Great Sculptor Says He's 'Crusader'

Chicago, Aug. 12.—(AP)—Lorado Taft, the sculptor, at 75, is more interested in what he is doing and going to do than what he has done. In his studio facing the University of Chicago on the mile-long Midway Plaisance, Taft showed several pieces of sculpture nearing completion and displayed examples of his educational efforts.

"I'm really just a crusader," he said, "trying to have people understand sculpture and appreciate it."

With this remark the genial white-haired artist pointed to 50 miniatures, one-inch-to-a-foot photographs cut out and mounted, of masterpieces of Greek and Roman statuary.

"I hope every school in the country will have such material, so that all children interested in art will be able to know the best in sculpturing," Taft continued.

He recently finished a clay model for a bronze relief of a Lincoln-Douglas debate which may be placed at Quincy, Ill., one of the seven places where the contests were held.

Joan Blondell to Sue for Divorce

Hollywood, Aug. 12.—(AP)—Blonde Joan Blondell, screen star, announced she would file suit for divorce today against George Barnes, film cameraman, whom she married in 1932.

She said the action would be based on incompatibility, declining to say what specific charges the suit would set forth.

The actress, who found fame in films after work with a Dallas, Tex., stock company and a season in the follies, said she would seek custody of the couple's son, Norman Scott Barnes, born Nov. 2, 1934. She indicated a property settlement had been reached.

Miss Blondell admitted today she and her husband had been separated two weeks, although during the past several days they have been seen together.

The actress' marriage to Barnes, at the age of 23 years, was her first. She was then a "Wampus baby star." It was the fourth marriage for Barnes, who, at the time of the wedding, gave his age as 35 years.

Jeritza-Sheehan Marairge Today

Santa Barbara, Calif., Aug. 12.—(AP)—Two of the stormiest personalities of the entertainment world selected the peaceful Franciscan mission for their marriage today.

There Maria Jeritza, vivid Viennese singer will become Mrs. Winfield (Winnie) Sheehan in a union that took the California movie world by complete surprise.

Few knew of the plans of the diva and the abdicated motion picture monarch prior to Saturday afternoon, when they filed the customary legal notice of intention to wed.

The couple said a dozen friends will attend. Sheehan and his bride will leave Wednesday for a honeymoon in Europe.

The blonde Valkyrie of the opera came here to be tested for pictures and not at Sheehan's studio. Meanwhile, he was the center of much attention, but it was financial, not romantic. A studio merger was effected. With it came a threatened division of Sheehan's authority, long absolute. He said he thought this would be impractical, and resigned.

Washington, D. C., has no mayor. It is governed by commissioners appointed by the president and approved by the Senate.

Mr. and Mrs. Arthur W. Knott, 223 North 5th street, Rockford, announce the marriage of their daughter, Evelyn Harriett, to Joseph E. Page, son of the Andrew Pages of Oregon, which took place in Belvidere on Feb. 2, 1935.

The bride wore a gray-green frock with gray accessories and a corsage of roses and sweet peas. She is a graduate of Rockford high school and St. Anthony hospital training school.

Mr. Page, who is a graduate of Rockford schools, is with the Electro-Rex company in Rockford. After Sept. 1, he and his bride will be at home at 1422 East State street.

70,000,000 Brooms For American Homes

Chicago, Aug. 12.—(AP)—It takes approximately 70,000,000 brooms annually for American housewives to keep their homes clean. This estimate was made by Frank Collins, of Arcola, Ill., secretary of the National Broom Manufacturers' Association.

"The housewives of the United States buy more brooms than those of any other country," Collins said.

## Last Call for The Summer Round Up Corrections

Mothers of kindergarten and first grade children, please have immunization for diphtheria, and vaccination for small pox attended to immediately, so that your child is physically prepared for school this fall. Remove those diseased tonsils and adenoids so that you avoid throat and ear difficulty next winter. Be sure to have your children's teeth cleaned and filled before school days begin. Get your "parent's record" signed by your family physician and dentist and send to any of the visiting committee or chairmen. This action is urged by the National Congress of Parents and Teachers, of which the North and South Central schools are members. The state board of health is backing this movement whole heartedly. Mothers, insure health for your children with intelligent precaution. Following are the chairmen who will receive signed "parents' records"—Mrs. Harold Eskey, Mrs. Wendell Drummond, Mrs. Herbert C. Mantley, Mrs. J. B. Woodworth, Mrs. Geo. A. Rhodes, Mrs. Robert E. Shaw.

Most Skin Defects Give Way to Care

BY ALICIA HART  
NEA Service Staff Writer.

Within the past few weeks, at least a dozen readers have asked how to plan and carry out an anti-blame campaign. A good many are troubled with blackheads. Others have clogged pores that cause white spots under the skin and make the complexion rather rough looking.

First of all, anyone with blackheads or other blemishes that do not need medical attention, should cleanse her face with soap and water at least once a day. If your skin is not too sensitive, by all means use a complexion brush. Otherwise, a wash cloth or lather between your palms will do the trick. If you have oily skin, use cream first and then soap and water. If it's dry, use the soap and water first. When you have finished the thorough cleansing, cover your forefingers with soft tissues and gently press out the foreign particles that are clogging the pores. Do not press too hard and don't try to remove each and every impurity the first night. Afterward, touch the places you have squeezed with a piece of cotton that has been dipped in an antiseptic. Let it dry before you start patting with skin tonic or astringent.

Three are masks that help, too. The market is flooded with excellent commercially prepared ones and, of course, there are homemade types which tend to cleanse the pores and tighten sagging muscles as well. An egg mask is the easiest of all to prepare and use.

Separate the yolk and white of a fresh egg and beat each one lightly. After cleansing face and throat, smooth on a layer of white, let it dry and then apply a coat of yolk. Repeat in layers until all has been used. Leave it on for twenty minutes and then rinse off with lukewarm water.

Reunion for Prairieville School Wednes.

The annual reunion of Prairieville school students and families is to be held Wednesday, August 14th. Those attending are asked to bring their own dishes, silver and food for the picnic dinner which will be spread in the school yard at 12:30 P. M.

The dinner will be followed by a business session and program with plenty of time given over to the renewing of old acquaintanceships. Many from a distance have signified their intention to be present on this occasion.

In case of rain, the meeting will be held in the church near by.

Rochelle Choir in First Place in Rockford Festival

The Rochelle Presbyterian choir, directed by Mrs. Floyd Biefeng, won first place in a recent music festival in Rockford, which is of especial interest to Dixon musicians since Mrs. Biefeng and her husband have been heard here in a number of Miss E. Marie O'Brien's concerts. It is that choir that had produced "The Seven Last Words" under Miss O'Brien's direction, each Easter for several years past. The Rochelle male quartet won second place in the Rockford festival.

## High Waters at Blanca, Colorado

Russell Mason who is visiting his father in Colorado, says that some of the rivers in that state, like many in this section, and sections farther south, have been on recent rampages. He sends friends the following clipping of interest, from the "Puebloan":

Blanca, Aug. 4.—(Exclusive Dispatch)—Flood waters, fed by torrential rains in the mountains east of here, roared down upon this little mountain hamlet early Sunday night.

A duplication of two floods that occurred a week ago, Sunday night's high water wreaked heavy damage, flooding basements and threatening to sweep the foundations from under several houses.

The huge underground gasoline storage tanks of the Shell oil station at the east end of town were washed away, and the Denver & Rio Grande railroad tracks were endangered.

At 8 o'clock the water was 18 inches above the sidewalks, and it was feared that additional rain in the nearby mountains might send more water racing toward the town.

Acting as a dam to turn the mighty water toward the town, the newly constructed state highway through Blanca was blamed for much of the resulting damage. No culverts were installed when the highway was built to allow for proper drainage.

No lives were endangered by the water.

Attend Barbecue At Downers Grove; State Chiropractors

Dr. and Mrs. S. C. Bend and daughter Arlene and Miss Katherine M. Slaats motored to Downers Grove Sunday where they attended the State Chiropractors picnic. The feature attraction of the affair was a lamb barbecue, which was served in true Grecian style with a native Greek butcher in charge.

Games of all kinds were enjoyed, and the women's baseball game won much interest. At this time Miss Slaats quite covered her self with glory and won the name of "Babe Ruth" because of her energetic, if not always truly aimed, swings at the ball.

**UNITED STATES FACES A GOLDEN DILEMMA**  
The mysteries of international finance are much too  
much for practically all of us.  
And here is just another of the paradoxes that make  
it so. We think of gold as good, something to be desired.  
Yet American financiers are actually worried because gold  
continues to pour into the United States.  
During the last six months, the total of gold brought  
into the country exceeded the amount sent out by \$804-  
163,000. Now that is equal to 85 per cent of all the new  
gold produced in the world in 1934.  
Without going into technical details, this much is  
evident to anyone: such a flood of gold coming into the  
country means that trade relations between the world's  
countries are still in a terrible state of imbalance. For what  
comes to us is being sent out of other countries.

The working of the gold standard, or any international  
standard yet devised, implies that all countries must  
have a workable amount of the precious metal used, so  
that exchange may take place. It is like a poker game. Every  
player must have some chips if the game is to go on.  
But as the stock of golden chips rises before Uncle  
Sam, the other players have fewer and fewer. That,  
however, is where the likeness to a poker game ends.

In a real poker game, when a man wins all the chips  
he quits and goes home.  
In the international game, if one country gets all the  
chips, it has no home to which to go.  
For gold has no value in itself. It is only a medium of  
exchange that it has value. And if you have it all, nobody  
can exchange with you.

Soon, despite rising government debt, it appears that  
we will actually be faced with the problem of getting rid  
of gold, of devising some means whereby the other players  
will get part of our stack of chips so the game can be kept  
going.

**RESIST CONSCIOUSLY**  
One of the things America needs today is about 100-  
000,000 people who will say quietly to themselves each  
day, "This African war, now. It's none of our business, and  
we'll have no part of it!"

Silly, you say? Perhaps. But think back, if you can, to  
1914, when war broke out between Austria and Serbia  
over the murder of an archduke few had ever heard of.  
That was none of our business, either. But within a few  
years we'd let ourselves slide over the precipice.

Much is being written about the various European  
intrigues which may be set going in case of an Italo-  
Ethiopian war. Most such stories imply that it might in-  
volve us sooner or later.

Agents of both Ethiopia and Italy will seek for sym-  
pathy and help in this country. Both sides will vie in  
spreading atrocity stories and propaganda.

But there will never be any better essential reason  
for our being involved than there is right now.

That is why all of us might well begin saying to our-  
selves, quietly, every day: "This African war, now. It's  
none of our business, and we'll have no part of it."

**BANK SAFETY AT A PROFIT**  
Your bank deposits, if they are in one of the 14,279  
banks which are members of the Federal Deposit Insur-  
ance Corporation, are even safer than they were last  
year.

For the corporation made a profit of \$4,716,409 in  
the fiscal year ended June 30. It paid out only \$2,760,000  
as liability in bank failures in 18 months, and took in  
\$9,057,195 during the fiscal year.

In fact, there have been only 22 failures of insured  
banks in the 18 months deposit insurance has been in ef-  
fect, and 93 per cent of the deposits in the banks that  
failed were covered by the insurance. Of the fewer than  
2,000 banks remaining outside the insurance corporation,  
51 closed during the same 18-month period.

Chairman Crowley of the Federal Deposit Insurance  
Corporation is reasonable when he interprets this far-  
below-normal number of bank failures as a tribute to the  
principle and administration of the deposit insurance law.  
This is one recent reform that seems grounded in solid  
rock.

In the winnowing-out of experiments which must  
come sooner or later, this one seems among the most like-  
ly to remain permanent.

I personally am a great deal more liberal than many  
people think, but I feel that I have to be a little hardboiled

gressives desire to do.—U. S. Senator Daniel O. Hastings  
of Delaware.

My idea of a party is just to get some interesting  
people together. — Mrs. Homer S. Cummings, wife of the  
U. attorney general.

impresario.

him.—Anna May Wong.

It is too dangerous to run for office. I might get elect-

**READ THE STORY, THEN COLOR THE PICTURE**  
Although he was tossed all  
around, brave Scouty hung on safe  
and sound. And so did little Coppy.  
"This old hound-nag's wild," he  
cried.  
"He's trying, now, to shake us  
loose, but he will find that it's no  
use. It will take more than shaking  
us to spoil this little ride."  
"Ah, that's the spirit! Hang on  
tight," the trainer shouted. "You're  
all right. Now, I'd suggest that  
Duncy join you, if he's game  
enough."  
This made fair Dotty smile. Said  
she, "Oh, he'd be scared as he  
could be. You'll never get him on  
that beast. The going is too rough."  
"Oh, yeah?" shouted Duncy. "I  
am always brave enough to try  
most anything. You make me out  
a coward. That's not fair."  
"You may not know it, but I'm  
used to riding beasts. Give me a  
boost and I will ride. Why, even  
if I'm thrown, I will not care."  
The driver grabbed him by the  
arm and said, "You will come to  
no harm. I'll make the hound-nag  
quiet down. All right, now, jump up  
high."  
Wee Duncy did as he was told,  
and Scouty helped him grab a hold  
of the strange beast. "I'm all right,  
now," said Duncy, with a sigh.  
The other Timmes watched the  
three ride 'round, as smart as smart  
could be. The trainer had yelled,  
"Whoa, there, hound-nag. Slow  
your pace a bit."  
"The tots, you know, are friends  
of mine, and I want you to treat  
them fine. If you dump them upon  
the ground, I'll punish you for it."  
Just then wee Goldy shouted,  
"Hey! Look what is heading right  
at a bird's head. What a sight!"  
The hound-nag kicked his legs in  
the air and gave his riders quite a  
scare. The Timmes were thrown off  
because the beast was filled with  
fright.  
(Strange waiters serve the Timmes  
in the next story.)

### BEHIND THE SCENES

By RODNEY DUTCHER  
Dixon Evening Telegraph Wash-  
ington Correspondent

Washington—The six New Eng-  
land states of Maine, Vermont,  
New Hampshire, Massachusetts,  
Rhode Island and Connecticut  
would go Republican if the presi-  
dential election were held tomor-  
row or the day after.

That, at least, is the private opin-  
ion of the strategists of the Demo-  
cratic political machine.

They suspected as much, even be-  
fore the Republican congressional  
victory in Rhode Island. Now  
they're virtually convinced.

Rhode Island Democrats occupy-  
ing administration posts, including  
some smart politicians, were pre-  
dicting weeks ago that Judge Risk,  
the Republican candidate would de-  
feat Mr. Prince, the Democratic  
candidate.

But they didn't expect quite such  
a hard wallop. The size of the G.  
O. P. majority surprised them.

Although the effect will be to pep  
up Republican morale everywhere,  
one needn't accept the minority  
party's ballhoo that this isolated  
election means "the beginning of  
the end" for the New Deal.

### "EMOTION" BIG FACTOR—

Politicians of both parties feel  
that New England is an isolated  
area temporarily emotional—and  
perhaps through 1936—over the  
processing tax. Its textile industry  
is in a bad way and whether that's  
due to the AAA program as a whole  
the processing tax in particular,  
the inexorable effect of southern  
low wage competition, or something  
else again is an academic matter  
insofar as New England voters are  
concerned.

The fact that New England has  
gone sour on the administration is  
more important in political calcu-  
lations than the somewhat faint-  
hearted alibi that Republicans in  
the Rhode Island district picked a  
more popular, outstanding candi-  
date than did the Democrats and  
that, after all, the Democrats had  
won that district only twice in the  
last 20 years.

Thus far the Democrats whose  
job it is to keep track of such  
things won't concede much of any-  
thing outside of New England.  
They're dead certain of the south  
and west, they claim—though some  
confess vague worries as to the  
Mountain states—if you press them  
—and can't see much reason to  
worry in the important tier of the  
states running from New York to  
Illinois.

Just between you and me, things

are happening so rapidly these days  
—politically and otherwise— that  
no one should draw any strong con-  
clusions about 1936 from anything  
that happens this month or next or  
the one after.

### JEFFERSON STILL HAS SAY SO

Democrats—and sometimes even  
Republicans—who invoke the shade  
of Thomas Jefferson as they orate  
in the House seldom realize that  
their movements are governed by  
that same man Jefferson.

Chairman John J. O'Connor of  
the Rules Committee reminded  
them of that the other day when he  
pointed out that Jefferson's  
Manual of parliamentary proceed-  
ure had been incorporated into  
the rules of the House.

He was by way of saying that  
for a long time he had been  
tempted to make a point of order  
against the "continuous fulmina-  
tions" of a certain congressman  
from Pennsylvania—"every time he  
has stood on this floor and when-  
ever the House has evidenced that  
they no longer desire to hear him."  
He read from the Manual:  
"No one is to disturb another in  
his speech by hissing, coughing,

### An Ickes Bon Mot

A correspondent at Secretary  
Ickes' press conference: "The  
hot oil operators in the Texas  
field have reached a gentle-  
man's agreement."  
Ickes: "If it's a gentleman's  
agreement, they'd have to ar-  
range it by proxy!"

spitting, speaking or whispering  
to another, nor stand up to in-  
terrupt him, nor to pass between the  
Speaker and the speaking member,  
nor to go across the House, nor to  
walk up and down it, or to take  
books or papers from the table or to  
write there."

### SO PIPE DOWN, PLEASE—

But more important, continued  
O'Connor, was paragraph 365, en-  
titled "Parliamentary method of sil-  
encing a tedious member."

"Nevertheless, if a member finds  
that it is not the inclination of  
the House to hear him, and that  
by conversation or any other noise  
they endeavor to drown his voice, it  
is his prudent way to submit to the  
pleasure of the House, and sit  
down; for it scarcely ever hap-  
pens that they are guilty of this  
piece of ill manners without suf-  
ficient reason, or inattention to a  
member who says anything worth  
their hearing."

Fact is, of course, admonitions  
of Jefferson's paragraph 365 have  
been violated as often as any other

## DAILY HEALTH

### INSANITY AND CHILDBIRTH

Among certain European peoples  
there is the widespread belief that  
the pregnant woman must not be  
thwarted in her wishes, nor denied  
anything within reason.

Like many folk lore practices,  
this one has a reasonable basis  
which, though founded in experi-  
ence, has been lost sight of. This  
reasonable basis is revealed in re-  
cent studies of so-called puerperal  
insanity, that is, the insanities as-  
sociated with childbirth.

Actually there is no such thing  
as puerperal insanity. What we call  
puerperal insanity is the insanity  
which is precipitated by the trials  
of pregnancy, labor and the child-  
bed period. In other words, a per-  
sonality which previously could  
maintain effective balance, breaks  
down when the added burdens of  
pregnancy and delivery are placed  
upon it.

Unquestionably, chagrin, worry,  
anger, and all the emotional dis-  
turbances which a woman may suffer  
when her wishes are denied or  
thwarted, are in a large measure  
avoided among those people who  
follow the policy of indulging the  
whims and fancies of the pregnant  
woman.

The nature of the puerperal in-  
sanity naturally depends upon the  
inherent psychologic constitution of  
the woman. Thus, if the woman is  
of the so-called manic-depressive  
type, the type that has periodic elations  
followed by depression, then the  
insanity she may suffer will fall  
within this character.

On the other hand, if there is a  
disposition toward the "breaking  
up" of the personality (the type  
designated as schizophrenia), then  
the puerperal insanity will be of  
this nature.

The accidents of childbirth, such  
as severe hemorrhage, eclampsia, a  
nervous affection attended by con-  
vulsions, blood infection, and  
sometimes, too, intercurrent dis-  
eases such as influenza, weaken the  
patient and so help bring on puer-  
peral insanity.

## Barrymore Acts Up on Shopping Tour With Elaine

Whether the furniture is to be used as a stage setting or in an apartment couldn't be learned, but here you see John Barrymore (right), resplendent in white linen, and his young protege, Elaine Barrie, shopping in a swank Fifth Avenue store in New York. Spying the cameraman who caught up with them on their shopping tour, Elaine turned her head and the salesman covered his face. Then Barrymore tried to wreck the camera and succeeded only breaking a fingernail.

## JAPANESE ARMY OFFICERS FIGHT; ONE IS KILLED

### Minister of War Prepared to Resign Cabinet Of- fice as Result

Tokyo, Aug. 12.—(AP)—Lieuten-  
ant General Tetsuzan Nagata, di-  
rector of Japanese military affairs,  
died today of sword wounds, which,  
the war office stated, were inflit-  
ed by Lieutenant Colonel Aizawa  
during a fight in Nagata's rooms.  
The incident was said to have  
grown out of recent transfers of  
army officers.

Gen. SeSanji Hayashi, minister  
of war, was said to have prepared  
his resignation as a result. Gen-  
eral Nagata was one of his strongest  
supporters.

The director general was wound-  
ed in his rooms in the war office  
where Aizawa called on him this  
morning. There was a fierce argu-  
ment, during which the lesser of-  
ficer drew his sword, the war of-  
fice said, and inflicted the wound.

The war office, after reporting  
the incident, immediately imposed  
a strict censorship of details.

Started July 16th

There has been a growing dis-  
sident among many officers since  
July 16 when General Hayashi  
forced the ouster of Gen. Jimazuro  
Mazaki as director general of mili-  
tary education and gave his own  
faction complete administration of  
war affairs.

Mazaki's ouster was accompanied  
by widespread shakeups among di-  
visional commanders and other  
high officers.

Nagata, 52, one of the strongest  
factors in the Hayashi forces, was  
made virtual administrative head  
of the army.

Hayashi, when advised of the  
mortal wounding of his friend, im-  
mediately prepared to resign and  
assume responsibility of all the  
events leading up to today's out-  
break.

Aizawa was promptly arrested.

The minister of war, vice minister  
of war and other high military of-  
ficials were summoned to an emer-  
gency meeting.

# Hoover Demands Roosevelt Come Out in Open and Tell How Would Alter Base Law

## Suicide of Liberty is Preferable to Its Being Poisoned

Washington, Aug. 12—(AP)—Herbert Hoover's challenge to President Roosevelt to inform the people "openly" and "precisely" just how he wants the Constitution changed was regarded today as a major step in a Republican drive for a knock-down-and-drag-out fight on constitutional issues in 1936.

Stopping in Chicago on a trip east, the former president hit at the New Deal last night in a statement accusing the administration of "dictatorial" demands, of trampling on "primary liberties of the people" and of invading state's rights.

Directly or indirectly, he said, the administration seeks to revise the Constitution to concentrate powers in Washington. Calling on the administration to declare his intentions before Congress adjourns and to make it an open fight on a specifically worded amendment, he said:

"Suicide of Liberty" "No matter how destructive an amendment might be and even though the people were persuaded to ill-advised action upon it, yet it would be better for liberty to commit suicide in the open rather than to be poisoned by indirection in the capital of the nation."

"No more momentous decision has been raised since the Civil War. Common frankness requires that the administration come forward to the people and declare precisely wherein, under our Constitution, we can correct evils and can not prevent social maladjustments."

While some Republicans and Democrats interpreted the statement as a bid by Hoover for the presidential nomination next year, others denied this was necessarily the correct way to construe it.

No Proposal Ready Meantime, there was no indication that President Roosevelt, who returned last night from a fishing trip on the yacht Sequoia, would make any statement. From Rep. Vinson (D. Ky.) came the comment: "no Constitutional amendment has been submitted and nobody has said that one will be."

Declaring he had no doubt that Hoover would run in 1936, Gibson (R-Vt.) called the statement a preliminary outline of his platform. To Rep. Dies (D-Tex.) it was the former president's "opening bid" while Senator Nye (R-N. D.) thought it signified a "desire to be the candidate."

One who took a different viewpoint was Senator Stetson (R-Ore.). He said:

"He could make that kind of a statement whether he intended to be a candidate or not. And others have said much the same thing recently, including Senator Borah."

Borah Leads Poll Among those who remained silent was Senator Borah (R-Ida.) who

CANADA owes its present form of government more to Sir John Alexander Macdonald than to any other single person. Sir John, one of Canada's greatest statesmen and often referred to as the "Dier of Canada," was the leading spirit behind the successful confederation of the Canadian provinces in 1867 into one Dominion.

Born in 1815, Sir John was called to the Canadian bar in 1836 and then rose successively from receiver-general to commissioner of crown lands, to attorney general, to leader of the assembly and, by 1862, to minister of military affairs. From 1867 to 1873, he took a leading part in Dominion government as minister of justice and also attorney general. In 1878 he became Premier of Canada and remained at the head of the government until his death in 1921.

When Canada issued a series of stamps in 1927 commemorating the 60th anniversary of the confederation, it included one for Sir John Macdonald, shown here. In addition, Macdonald's portrait is shown with that of Sir Wilfrid Laurier, on the 12-cent historical stamp also issued in 1927.

## NEWS of the CHURCHES

FIRST BAPTIST CHURCH  
Tonight (Monday) Rev. Roy O. Beaman will begin a two week's series of meetings in our church.

He is the president of the Western Kentucky Bible school, as well as pastor of the West End Baptist church, Paducah, Ky. He will be assisted by Keith Taber of Preport who will be our song leader. We are looking forward to a real time of blessing as this gifted teacher of the Word of God is in our midst and we earnestly invite you to come and hear this minister of the gospel as he brings the message. The services will begin every evening at 7:30 and will be preceded by a prayer meeting at 7:15. A hearty welcome extended to all to attend these services.

The "Good Cheer" services at the Brethren church yesterday the Brethren church yesterday were true to the name with a fine spirit and good attendance both morning and evening.

Tonight there will be a campfire service at the home of Charles Butterbaugh. This will be the second annual service of the kind and will no doubt be largely attended. All members and friends of the church are invited to attend.

The Missionary Circle will meet at the home of Mrs. Eddie Holbrook Tuesday night. A good program has been arranged.

The prayer and praise service on Wednesday evening at 7:30 will be conducted by Mr. Edward Myers. The Rev. Russell McNamara, superintendent of the Chicago Gospel Mission will bring the morning message, and the Crusaders' Sunday school class will give a program in the evening.

CHRISTIAN CHURCH ITEMS  
The pastor and wife returned home Saturday morning from a month's vacation. Two weeks were spent at St. Louis where Brother Barnett had fourteen days of active duty training with his regiment, the 343rd Infantry at Jefferson Barracks. One week was spent visiting with Mrs. Barnett's sister and husband, Mr. and Mrs. V. F. Harp, at Hutchinson, Kan.

The last week was spent in the Ozark Mountains, at Camp Ponca, Lake Taney-Como, at Branson, Mo. Brother Barnett filled the pulpit yesterday morning, bringing a message from the 121st Psalm, "Whence Cometh My Help?" Dr. Burke, of St. Luke's Episcopal church, brought a fine message at the union service last night based upon Christ's advice in the sermon on the mount, to "Be not anxious for the morrow."

Bible school attendance showed a bad summer slump yesterday. Attendance was 228. The adult classes reported as follows: Frohman, 27; Men, 26; Upstreamers 24; True Blue 21; Young Men 20; Progressives 12.

The regular monthly meeting of the church board will be held at 8 tonight.

The Men's class will hold their monthly business meeting at the church Tuesday evening.

Prayermeeting Wednesday evening at 7:30. The topic as found in the "Lookout" will be studied.

CHRISTIAN SCIENCE CHURCHES

"Spirit" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 11.

The Golden Text was, "He that soweth to his flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting" (Galatians 6:8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O Lord, thou hast searched me, and knowest me. Thou compassed my path and my lying down, and art acquainted with all my ways. Whither shall I go from thy spirit? or whither shall I flee from thy presence? If I take the wings of the morning, and dwell in the uttermost parts of the sea; Even there shall thy hand lead me, and thy right hand shall hold me. Yea, the darkness hideth not from thee; but the night shineth as the day; the darkness and the light are both alike to thee" (Psalms 139:1, 3, 7, 9, 10, 12).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God is individual, incorporeal. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind. Hence all is Spirit and spiritual" (p. 331:18, 22-25).

German farm leaders, encouraged by figures showing that productivity has doubled in three generations, are campaigning to further that increase by putting more machinery on farms.

## REPORT HAILE'S WILLING TO CEDE LAND TO IL DUCE

In Return for Loan and Seaport; Rome Maintains Skepticism

Paris, Aug. 12—(AP)—The Havas (French) news agency reported today in advices from Addis Ababa that Emperor Haile Selassie was willing to make concessions to settle the Italo-Ethiopian conflict.

The emperor is ready, dispatches said, to cede a section of the empire in return for an outlet to the sea and financial aid.

The emperor told interviewers that Ethiopia has always been anxious to develop its resources and loans are necessary to speed up the work of civilization.

"But another means of aiding the economic development of the country," he was quoted, "is to obtain a port for Ethiopia. If it would fulfill our two aspirations, we would see no objection to ceding part of our territory."

Djibouti, capital city of French Somaliland, on the Gulf of Aden, now serves as Ethiopia's port. It was recalled here that Anthony Eden, British minister for League of Nations affairs, proposed a similar compromise in the House of Commons last July 1. Eden suggested that Britain yield a strip of her territory as a means of facilitating any territorial and economic concessions from Ethiopia to Italy.

ROME SKEPTICAL

Rome, Aug. 12—(AP)—Paint hopes for the preservation of the "Stresa front" prevailed in informed circles today as Italy's delegation prepared to depart for the tripartite conversations in Paris Thursday on the Italo-Ethiopian controversy.

Similar skepticism greeted reports from Addis Ababa that Emperor Haile Selassie had agreed to cede some land to Italy in exchange for a heavy loan or an Ethiopian outlet to the sea.

These sources had no hesitation in conceding that the accord with France, Great Britain and Italy achieved at Stresa four months ago in the face of German re-armament was in imminent danger of collapse as a consequence of Britain's attitude toward Italy's East African policy.

Italy will go to Paris, it was pointed out, in the same spirit that she went to Geneva—without expectations that anything will be accomplished to obviate the necessity of her exercising the military power she has marshaled in her East African colonies.

FEARS WORLD WAR

Addis Ababa, Aug. 12—(AP)—Emperor Haile Selassie foresaw "the danger of a world war again" in an address at the palace today to the civil, military, and religious authorities of Ethiopia. He said the Empire places its hope for peace in "the impartiality of the League of Nations."

Referring to the World War, the emperor said, "history is repeating itself in this crisis." He declared: "Ethiopia never wanted to hurt Italy's interests and prestige."

Leaders who were summoned to hear the address, following a crown council meeting, stated: "We have cabled our felicitations to President Roosevelt for his declaration to the press concerning the maintenance of peace."

AUSTRIAN JEWS FEAR RESULTS OF NEW PARLEY

Vienna, Aug. 12—(AP)—The possibility of a political and economic reconciliation between Germany and Austria without attempting to mitigate anti-Semitism in the Reich alarmed the Jewish element in Austria today.

Neuwelt, organ of the Jewish community, said it has detected a disposition among Catholics to make "a separate peace with Hitler."

Austria, despairing of getting either friendship or security from a proposed pact between the Danube states, was reported by the official Wiener-Zeitung to have made two conditions for ending its bitter two year quarrel with Germany.

One was said by the paper to be dissolution of the Austrian Legion in Germany; the other, the disbanding of the Austrian "Hilfsbund" organization, accused of supporting a secret Nazi corps in Austria.

Not since relations were strained by the assassination of Chancellor Engelbert Dollfuss in a Nazi putsch a year ago have prospects for reconciliation been better.

Germany, it was said, might even allow restoration of the Hapsburgs, a condition immediately insisted on by the monarchists when the alliance was reported.

The legitimists believe Germany's acceptance of this condition will take all the fight out of the Little Entente, which threatened military measures if necessary to prevent re-establishment of a monarchy in Austria.

It was expected Germany would insist on amnesty for Austrian fugitives, as well as a trade agreement.

## Weekly Survey of Crops Issued by State Official

Springfield, Ill., Aug. 12—(AP)—The winter wheat yield is disappointing, the August 1 crop survey by the Illinois and Federal Departments of Agriculture said today, but "material improvement" in corn, soybeans and hay was reported.

The Illinois corn condition was 74 per cent on August 1, a gain of 12 points during July.

"Too much rain, rank straw growth, lodging and rust cut winter wheat yield to 14 bushels per acre," said Agricultural Statistician A. J. Surratt. "In only three years since 1909 has the yield been lower. There is much light weight, poor quality wheat. Production is placed at 26,264,000 bushels against 29,248,000 in 1934 and the 1928-1932 average of 30,079,000 bushels."

Of the corn crop, the survey said: "Much Weedy Corn

"High temperatures and timely rains in the important central and northern areas promoted fine growth and color. Late plantings will need very favorable weather to make grain. Much weedy corn is in evidence. But July 30, 21 per cent of the corn was tasseled compared with 83 per cent to similar dates in 1934. Best prospects are in the northwest, northeast, central and eastern districts. Only scattered chinch bug damage has been reported. x x x

"Early returns on oats threshing indicate yields are falling below pre-harvest estimates. Spring wheat and barley are not as promising as a month ago. The yield of rye for grain equaled the 10-year average of that of 1934. Good yields of all varieties of hay indicate a total production 54 per cent larger than 1934 and 36 per cent larger than the 1928-1932 average production. Pastures have been holding up well but need rain in some southern areas."

"The condition of potatoes is above average, forecasting a crop 54 per cent larger than 1934. Total production of all Illinois tree fruits will exceed materially that of last year as well as the 1928-1932 average."

## Bitsy Grant Wins Over Shields In Big Tennis Upset

New York, Aug. 12—(AP)—Bryan M. (Bitsy) Grant, the David of tennis, has added another Goliath to his long list of conquests. The diminutive Atlanta player administered a startling defeat yesterday to Frank Shields of New York, husky movie actor and third ranking player in the country, to win the Eastern grass courts singles championship. The score was 3-6, 6-3, 6-4, 7-9, 6-4.

The Davis Cup doubles combination of Wilmer Allison and John Van Ryn won the doubles championship in a drawn out match with Wilmer Hines of Columbia, S. C., and Henry M. Culley of Santa Barbara, Calif., 6-1, 6-8, 14-12, 3-6, 6-3.

## MILITARY COSTS IN ILLINOIS RUN INTO BIG MONEY

Appropriations for I. N. G. and Naval Reserve Only Part

Springfield, Ill., Aug. 12—(AP)—Military activities, past and present, entered into the general assembly's calculations when it appropriated \$388,999,244 to run the state government for the two year period ending July 1, 1937.

Appropriated to the office of Adjutant General Carlos E. Black was \$134,920, a figure which does not include the \$6000 annual salary paid the adjutant general or the \$4300 paid his assistant.

Also appropriated to the Illinois National Guard and Naval Reserve was \$1,156,000 for "ordinary expenses, repairs and equipment." Camp Grant at Rockford, where the guard holds its annual encampment, was allotted an additional \$72,200 while \$32,390 was appropriated for the preparation of soldiers' and sailors' war service records. For "locating, recording and reporting the burial places of soldiers and sailors" there was allotted \$19,910.

Not Total Expense  
While approximately \$1,500,000 was appropriated by the state for meeting expenses of the National Guard in the current biennium, this sum by no means represents the total cost of the guard. Many expenses of the guard are met by the federal government.

The assembly also appropriated \$1,000,000 to the Department of Public Works and Buildings for the construction of a state arsenal and an agency was created to enter into contracts with the federal government for the loan or grant of PWA moneys with which it is expected a large number of armories will be constructed throughout the state.

The assembly's appropriations for military purposes included grants to a group of veterans' organizations.

Other Appropriations  
Appropriated to the Disabled Veterans of the World War, Department of Illinois, was \$4000; to the United Spanish War Veterans \$5000, to the Veterans of Foreign Wars, 5000; to the Thirty-Third Division War Veterans' Association, \$4000 as well as a \$1000 deficiency appropriation; to the Grand Army of the Republic, \$2500, and to the Grand Army Hall & Memorial Association \$5000.

In the first administration of former Governor Len Small the state issued \$55,000,000 in bonds to obtain the money with which to pay Illinois veterans of the World War a

## "Know Yourself" Campaign Advised for All Motorists

Springfield, Ill., Aug. 12—(AP)—The number of fatal automobile accidents has dropped in Illinois, Director Frank J. Jirka of the state Department of Public Health announced today. He said that the number of fatalities for each month this year has been lower than for the corresponding month of 1934.

There were 151 fatalities in June, by a wide margin the most favorable record for that month in several years, the director said. In only one year since 1929 has the month of June had less than 179 deaths from traffic accidents.

During the first six months this year there were 975 fatalities, compared with 1,135 deaths for the same period last year, an improvement of about 14 per cent.

"A know yourself" campaign for automobile drivers has been proposed by Dr. Jirka as a part of the state-wide safety program.

"Every driver ought to have a reaction test to determine how fast he can drive with safety," the director declared. "The muscular and mental coordination powers are much more sensitive in some persons than in others. This can be measured accurately so that every driver may know at what speed he can drive most safely."

bonus. Within the next two years \$5,645,000 in principal and \$2,820,843 in interest on these bonds will come due so the assembly appropriated, out of sales tax receipts, that amount.

Homes that the state has established for veterans, their widows and orphans will cost more than \$1,000,000 in the biennium. For the Soldiers and Sailors Home at Quincy \$419,400 was appropriated; for the Soldiers Widows Home at Wilmington, \$95,100; for the Soldiers and Sailors Children's Home at Normal, \$635,600. These homes are operated by the Department of Public Welfare.

## PLUM HOLLOW IS PLANNING STAG FOR AUGUST 29

Repetition of First Party's Success Anticipated

Those who attended the stag picnic held at the Plum Hollow Golf club on the first Thursday of this month enjoyed themselves so thoroughly that they urged the directors to have another similar affair before the season is over.

The directors have decided that they will have another stag picnic on August 29th. The affair will begin at 1:00 P. M., and will continue indefinitely. "Bring your own clubs; everything else will be there." This time the circulars read, "Bring your clubs—appetite and thirst."

The sports committee have arranged for a number of contests, among which there will be a blind bogey tournament, driving, putting, and approaching contests with suitable prizes for each event and some special prizes for low medal scores. The big tent will be erected in the same location and the same excellent refreshments will be served as long as the guests remain.

The Plum Hollow golf course is in better shape just now than it has ever been before. The regular rainfall and proper mowing has made the fairways and greens in perfect shape for play.

Invitations to this last stag of the year are being sent just now to all of the golf clubs within a radius of 50 miles, for a number of the members of these clubs who were unable to attend the first stag were among those who suggested that another one be held. The committees are anticipating at least double the attendance at the first stag and are making preparations accordingly.

## Dodgers Receive Signed Contracts of Grid Players

New York, Aug. 12—(AP)—The Brooklyn Dodgers of the National Professional football league announced today they had received the signed contracts of five new players for the coming season. The list includes Ernest Tiel, star half-back from Birmingham Southern college; Frank Stojack, Washington State guard; Pat Swan, Wake Forest College tackle; Alex Eagle, Oregon University tackle and Clyde Williams, Georgia Tech tackle.

Workmen who built the Normandie received a total compensation of \$40,000,000.

## HARMON NEWS

By Margaret Anderson

Harmon—Mr. and Mrs. Edward Herman are entertaining relatives from Cleveland, Ohio, at their home this week.

A number from here have been attending the soft ball games in Amboy. Amboy's All Stars independent soft ball team handed the Walter Knack softballers of Dixon a beating Tuesday evening by a 9 to 5 score. These two teams will meet again next Tuesday evening under the lights of the Lee county farm bureau soft ball field in Amboy. A girls' team of Nelson defeated the Amboy girls' team in a curtain raiser.

Wednesday night games of last week in the soft ball league, resulted in a 15 to 14 victory for Hamilton over Amboy and a 10 to 9 victory for Lee Center over a-chusa. The Friday evening games were postponed on account of rain.

Games scheduled for Wednesday evening were Dixon vs. Amboy; Lee Center vs. Hamilton. On Friday night of this week Harmon will play Nachusa in the first game and Nelson will meet Brooklyn in the second tilt. On Thursday evening of next week Nachusa and Dixon will play the first game and Hamilton will battle Brooklyn in the second game.

## SUN-TAN

BEGIN HERE TODAY

JO DARRIN breaks her engagement to BRET PAUL, college athlete, because Bret objects to her making a job as hostess at Crest Lake inn, fashionable summer resort owned by wealthy DOUGLAS MARSH.

Jo goes to Crest Lake. Marsh's eccentric mother dislikes her and causes difficulties. There are increased when PETER FRAGONET, film actor, arrives. Fragonet pays marked attentions to Jo, asks her to marry him as soon as he can secure a divorce.

Bret Paul comes to Crest Lake as life guard. BABS MONTGOMERY, Fragonet's school acquaintance who is jealous of Jo, is also there.

Fragonet leaves and returns with his film company, undertakes to make part of a motion picture at the resort. Jo becomes friendly with LILA, a movie actress. During a scene on the lake Lila narrowly escapes drowning.

Jo learns it was Bret and not Fragonet who saved her life after the without accident. She is on her way to see Bret when Marsh stops her, saying he wants to talk about the movie next evening.

NOW GO ON WITH THE STORY CHAPTER XXXI

IT became apparent to Jo at once that Marsh was using the coming party as an excuse to corner her for a talk about Fragonet. From the moment they took their places at the table he was ill at ease. He talked swiftly and rather incoherently of his plans to hold a dance in honor of Drann and the location company. Then abruptly Marsh's tone changed and he turned to Jo seriously.

"Jo . . . if you're thinking of leaving with Fragonet day after tomorrow, I—I can't let you."

"I haven't been thinking of leaving with him," Jo said.

"But you have to make a decision. Fragonet won't just let it slide. And the fact that you haven't made up your mind now to go makes me afraid that . . . per haps you will."

Jo did not answer and Marsh went on, embarrassed. "I hate like the devil to do a thing like this. Jo. But I want to ask you—do you think as much of Fragonet as you did?"

"Do you mean because of what happened out there yesterday on the lake?" Jo raised her eyes to his. "I'm afraid I don't feel that important. I wouldn't refuse to marry a man just because he— he couldn't swim for a camera lens like Silas Drann. The truth is, I think it's terrible the way people have been treating him since that happened."

Marsh leaned back in his chair stared at his plate a moment. Then: "All right, Jo. I'm going to let you have it. I didn't mean to go this far." He hesitated, then plunged on. "That day they were waiting for Fragonet, and I went for him at the inn. Remember?"

Jo nodded, her heart skipping a beat.

"He said he was asleep. Well . . . he wasn't. He was with one of the extra girls—that Dila Saunders who came up later. They were having cocktails in her room, while the company waited."

SLOWLY Jo smiled. "Is that so terrible, after all? Fragonet's wife is divorcing him. There's no one in particular for him to be faithful to, is there? Besides, cocktails in her room—"

"Jo!" Marsh interrupted quietly. "Jo, that's not like you. Fragonet has asked you to marry him. Pleading with you to return to Hollywood with him. And you can't fool me with your attitude of sophistication—because it's false."

"He said he was asleep. Well . . . he wasn't. He was with one of the extra girls—that Dila Saunders who came up later. They were having cocktails in her room, while the company waited."

## Softball Season Ends With Eichlers Holding the 1935 Championship

### Buster Browns End Closest To Top Below Greens

Postponed games in the City softball league were cancelled Saturday and the Eichlers' Clothings ended the 1935 season with the undisputed championship in their possession.

At the end of the regular play the standings placed the Eichlers on top with eighteen victories and two losses the Buster Browns bringing up second place with sixteen victories and four defeats. Borden rested in third place, having won twelve victories and lost seven, while the Millway Chix broke even with ten wins and ten reverses. The Knack's Leaders also broken even winning nine and losing nine while the Reynolds Wires, Winks Specials and D-X Oils followed in consecutive order.

**Had Everything**  
The Eichlers had everything that makes for a championship aggregation. They combined good hitting with strong fielding and enjoyed strong defensive tactics on the mound. Morris, their regular hurler seldom gave up more than five hits a game, often limiting opponents to three hits or less.

There were no no-hit games pitched during the 1935 softball season in Dixon. Several one-hit games were recorded. Among the pitchers credited with one-hit games were Clark, Deits, Morris, Swain, Feldtang and Fordham. Clark represented the Knacks Leaders, Deits, the Borden's, Morris the Eichlers, and Swain the Millways. Fordham the Buster Browns, and Feldtang, the Reynolds Wires.

Several extra inning games were played, the longest of the season being a fifteen inning struggle between the Buster Browns and the Winks Specials the concluding week of regular play. The Browns won a 6 to 4 decision. Two donkeyball games were played the last week of play to enliven interest in the game and bring out the crowds. The crowds while occasionally very good, were not as large as in 1934 it was reported.

**Credit Due Wait**  
Walt Mueller in charge of the grounds and lights proved very capable in that capacity and much credit is due him for the excellent shape in which he kept the field despite the handicaps of early spring rains and torrential summer storms which often interfered with the games. He faithfully sacrificed his time four nights a week, in order that the games could be successfully conducted this summer under the airport floodlights.

It was reported Saturday that a few out of town teams might be brought to Dixon for post-season games. No definite plans have been made regarding this as yet but notices of such games will appear in the Telegraph. The Knacks will play Ashton this week at Ashton.

**FREAK GAMES**  
St. Louis, Aug. 12 (AP)—It could probably happen only in softball, but imagine allowing one hit and striking out 37 in two games and losing both of them.

Con Rosen of the Chicago All-Stars, pitching in inter-city games with two St. Louis teams, recorded that for the books.

In the first game, he allowed no hits and struck out 17 batters, but a walk, a wild pitch, a stolen base and an error beat him, 1 to 0. In the second game he fanned 20 and allowed one hit but lost, 2 to 0. The lone hit was a home run with a man on who had walked.

## JOE LOUIS WON BET; IT'S HARD ON HIS PILOTS

### Yanks Frown on Trip To Mexico for Lou and Gomez

New York, Aug. 12 (AP)—The sports round-up:

Latest reports say "Jersey Joe" Stripp is ticketed for the Giants... leave out the pitchers and Connie Mack probably wouldn't trade his Athletics man for man, for any other club in the American League.

Both Lefty Gomez and Bill Dickey are wanted for that barnstorming tour to Mexico, but Yankee higher-ups are frowning on the idea. Gomez and Lou Gehrig were on the junket to the Orient last winter and neither has been the same since. Earl Mack, Connie's oldest son, will head man on the Mexican tour.

Professional football is going in for the farm system. The Detroit Lions have contracted to send their young players to Louisville in the American Football League for development. Lou Gehrig's consecutive game streak which reached 1605 yesterday is 297 games better than the former marathon record set by "Deacon" Scott of the Red Sox and Yankees at 1308.

The best National League mark was 618, made by Eddie Brown of the Dodgers and Boston Braves.

**Moses Is Real Find**  
Wally Moses, athletic outfielder is counted one of the real finds of 1935. The Yankees broke a custom when they sent for Blondy Ryan. It has been a rule at the stadium that the Yanks were to steer clear of cast-offs from the other metropolitan teams.

The big disappointment in Boston is the failure of Joe Cronin and Bill Werber to live up to last year's performances.

The betting is that Fred Perry, British tennis ace, will not join the pros for at least two more years.

the Cincinnati Reds are the best hustlers in either major league.

Babe Ruth is playing in an ace golf tournament. He has been offered a leading role in Billy Rose's forthcoming musical circus.

Jake Powell, passed up by the Braves, is doing right well with Washington. Bucky Harris has him hitting in the clean-up spot.

Joe Louis made his managers and trainers swear they wouldn't drink for six months if he finished Levinson in one round. That's just what he did and now there is a little gloom mixed with the joy in the Louis camp.

Charley Root, Cubs—Hurled seven-hit ball to snap Cards' eight-game winning streak.

Buddy Myer, Senators, and Wes Ferrell, Red Sox—Myer drove in two of Washington's four runs in opener while Ferrell kept Senators well scattered in nightcap for 19th victory.

Elden Auker, Tigers—Held White Sox to four hits to run Tigers' winning streak to nine straight games.

Bill Knickerbocker, Indians and Tom Carey, Browns—Former collected seven hits in two games and latter connected with four in second.

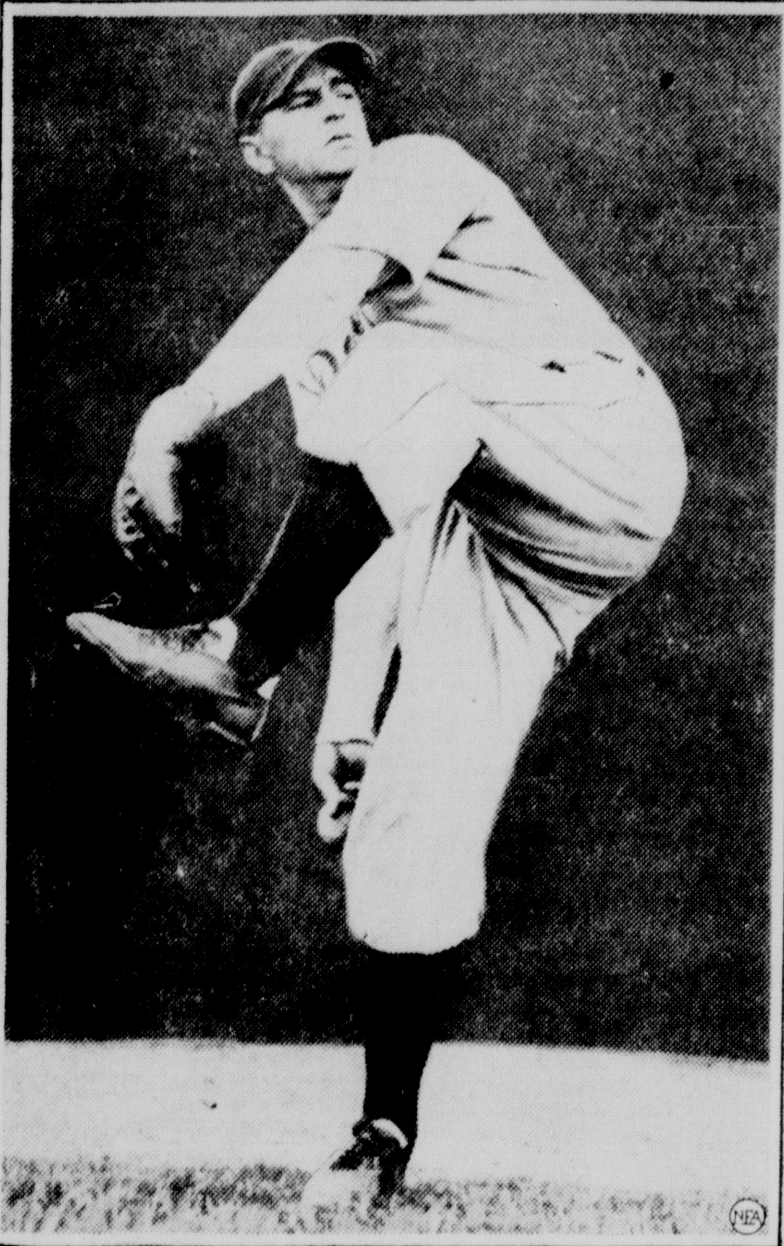

Jimmie Fox and Roger Cramer, Athletics—Fox hit 19th and 20th home run and latter contributed timely hits and great fielding plays as A's down Yanks twice.

Walter Berger, Braves, and Frenchy Bordagaray, Dodgers—Berger's 25th homer, two singles and triple drove in five runs while Bordagaray got five hits in first game.

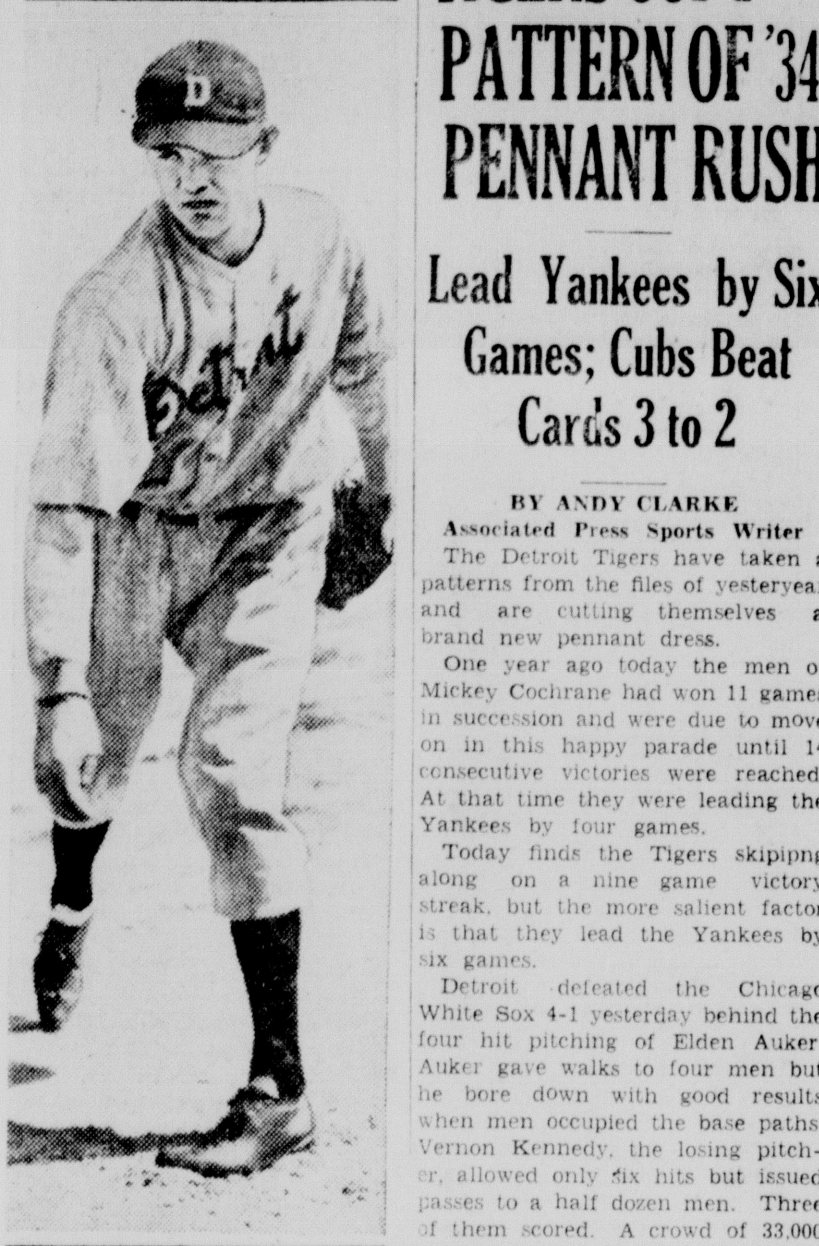

**Bruce Campbell Shows Improvement from Fever**  
Detroit, Aug. 12 (AP)—Dr. Luther R. Leader said today Bruce Campbell, Cleveland outfielder, is making a rapid recovery from the cerebro-spinal fever with which he was stricken a week ago. Unless there are unexpected complications, Dr. Leader said, Campbell will be able to leave the hospital soon. Both his pulse and temperature were normal Sunday.

## BEARS, ALL-STARS SETTLE DOWN TO 15-DAY TRAINING

### Equipment Issued By Coach Thomas To Collegians

Chicago, Aug. 12 (AP)—The principals in the pro-college football battle at Soldier field the night of Aug. 29—the college All-Stars and the Chicago Bears of the National Professional League—today settled down to a fifteen-day conditioning program.

The All-Stars, quartered at Northwestern University, opened their preparations at Dyche Stadium while the Bears pitched camp at Delafield, Wis.

Owner George Halas of the Bears outlined a stiff program for his squad, which last year was held to a scoreless tie by another group of college seniors in the first game of this kind. Two-a-day practice sessions would prevail, Halas announced.

The All-Stars, picked by fans in a newspaper poll, were to receive their equipment today and take a light limbering-up under Head Coach Frank Thomas of Alabama and his assistants—Charlie Bachman, Michigan State; Dr. C. W. Spears, Wisconsin; and Edward "Slip" Madigan, St. Mary's.

During the last three years, the city of St. Louis has spent approximately \$3,000,000 on its municipal airport.

## Frenchman Beats Venzke, Track Meet Held at Amsterdam

Biarritz, France, Aug. 12 (AP)—American athletes dominated two American track meets yesterday, but they met a tartar in the young Frenchman, Roger Normand.

An American team took 11 of 13 first places from a French aggregation, but Normand refused to yield in the 800 and 1500 meters run, defeating John Wolff of the New York A. C. in the former and Norman Bright of the San Francisco Olympic club in the latter.

Gene Venzke of Pennsylvania, a young man but an old runner, lasted a double dose of defeat in an international meet at Amsterdam. Venzke seemed to be in poor condition as he placed third over the same routes in which Norman was victorious. Coach Bernie Weifers said the Pennsylvania Flyer was tired from too much competition.

Venzke was the only American who did not win his event or events.

## TIGERS COPY PATTERN OF '34 PENNANT RUSH

### Lead Yankees by Six Games; Cubs Beat Cards 3 to 2

BY ANDY CLARKE  
Associated Press Sports Writer

The Detroit Tigers have taken a pattern from the files of yesteryear and are cutting themselves a brand new pennant dress.

One year ago today the men of Mickey Cochrane had won 11 games in succession and were due to move on in this happy parade until 14 consecutive victories were reached. At that time they were leading the Yankees by four games.

Today finds the Tigers skipping along on a nine game victory streak, but the more salient factor is that they lead the Yankees by six games.

Detroit defeated the Chicago White Sox 4-1 yesterday behind the four hit pitching of Elden Auker. Auker gave walks to four men but he bore down with good results when men occupied the base paths. Vernon Kennedy, the losing pitcher, allowed only six hits but issued passes to a half dozen men. Three of them scored. A crowd of 33,000 witnessed the game, the largest attendance at Navin Field this season.

**Saw Life Line Slip**

The Yankees saw the life line slip a game and a half through their fingers when they dropped both ends of a doubleheader to the Philadelphia Athletics, 8-4 and 5-4. Jimmie Fox hit his 19th and 20th homers of the season, and Pinky Higgins added another to help Carl Doyle, rookie hurler, win his first game.

The Cleveland Indians treated four St. Louis Browns pitchers unkindly and won the opener of a doubleheader 10-7, but dargness settled over a nip and tuck battle in the afterpiece. It was called after 11 innings with the score 7 all.

Thirty-five thousand fans saw the Washington Senators and the Boston Red Sox divide a double bill, the Senators taking the first 4-2 and the Sox the second, 5-4.

The rejuvenated Phillies chopped another chip off the Giants' lead in the National league by shutting them out 2-0. It was their fourth victory in the six game series. Bucky Walters, infielder turned pitcher, held the leaders to six blows.

Louis Cards, battling tooth and nail as they advanced on the Giants, played a tight game with the Cubs winning 3-2. A crowd of 23,560, the largest to storm Wrigley Field for a single game this season, saw Charley Root keep seven hits well scattered.

The Pirates and the Reds split a double-header, Pittsburgh winning the first 5-4 and Cincinnati the second 4-3. Arky Vaughan hit a triple with two on to win the first game, but his 17th homer of the season wasn't enough to turn the tide in the second.

The Brooklyn Dodgers regained fifth place in the senior league by pinning a double defeat on the straggling Braves, 7-5 and 3-2.

## SHIELDS MEETS RUGGED RIVALS

### Seventy-Six Netters En- tered in Big Tennis Meet

Newport, R. I., Aug. 12 (AP)—Top-seeded Frank X. Shields meets some rugged opposition in today's first round play in the 19th annual Newport Casino tennis tournament.

Despite his ranking, Shields drew as an opponent Lawrence Nelson of Los Angeles, one of the most impressive of this season's California net crop.

Seventy-six players, including two U. S. Davis Cup stars, were paired for the first round matches. Four members of the "first ten" and 12 others whose 1934 play earned them places on the national ranking list were in the draw, which was made without Wilmer Allison, Davis Cup veteran who won here last year.

**Budge Behind Shields**  
Don Budge, promising young Davis Cupper, was seeded behind Shields.

The others on the favored list, in order of their ranking, were Frankie Parker, who bowed to Allison in last year's Casino final; Bryan "Bitsy" Grant; Gene Mako, California youngster who drew an international assignment this year; Gregory Mangin, J. Gilbert Hall, Wilmer Hines and Roderick Menzel, Czechoslovakian star.

Thirty-eight first-round singles matches were listed for today, with the Casino doubles play opening tomorrow.
